Self-study Ideas for English Language Learners
Practise English on Your Own:
Self-study Ideas for English Language Learners

Now that you are living in Manitoba, you have many reasons to improve your English. Communicating in English will help you to be successful at work and in your community.

English classes are available for free in Manitoba for permanent residents. You can choose from full-time or part-time classes during the day or evening. However, not everyone can go to English classes. If you are working at a job every day and also taking care of a family, it can be very difficult to take time to go to classes. If you are able to take the time to go to English classes you may also want to learn faster and study at home. For these reasons it is useful to know some strategies for practicing English on your own.

There are many ways to learn English outside of the classroom. The ideas you will read about here are from adult EAL teachers and learners. You will find out about some of the many internet websites where you can learn for free as quickly or as slowly as you like. You will also find out more about the Canadian Language Benchmarks and think about what your level of English is right now, and what level you want it to be in the future. Information is also provided about some internationally recognized English language standardized tests.

Good luck as you practise your English communication skills!
Ideas for Practising English

Here are some ideas for practising English. Some of the ideas come from newcomers to Canada who have learned to speak English. Others come from English language teachers.

1. Make everyone your teacher.
When other people are speaking in English, think about how they say something. Repeat what they said silently in your mind. Then repeat what they said quietly to yourself. First say it slowly and clearly, then say it to yourself at the same speed and rhythm as the person you were listening to.
You can do this anytime, anywhere...when you’re with people, while watching a movie, at work, at school...the world is your classroom!
Don’t worry if people think you’re crazy, just put on headphones or earbuds while you’re talking to yourself and everyone will think you’re talking on your cell phone.
2. **Talk to people.** You could talk about:

   **...the weather**
   In Manitoba, it’s OK to talk about the weather every day, and many people do this in almost any situation to open a conversation. We create friendships by suffering together!
   *Snow again, I miss summer! Crazy mosquitoes, we need winter!*  
   **...the neighbourhood**
   *Hi, I’m your neighbor, I just moved in last week ...*(names, etc...)*
   *Have you lived in this area for a long time?...*(years, etc.)*
   *Seems like a friendly area, I like it...*
   **...work**
   *Do you work close by? What kind of work do you do?*
   **...your children, your children's’ school**
   *How old are your kids? What school do they go to? Are you happy with the teachers over there?*

3. **Ask a workmate to join you for coffee break.**
   *Let’s get out for coffee sometime, maybe Friday?*
   People like it when you are interested in them. Ask them about:
   - their job *How long have you worked here? What do you do?*
   - their family *Do you have family here?*
   - things they like to do *So what’s up for the weekend?*
   You could talk about:
   - life in your country,
   - your family,
   - your life and goals in Canada,
• your job,
• your free-time interests.

4. **Make a study group.** Meet with other English learners once a week to study together. Do exercises from your English class together or try some of the on-line learning websites recommended in this document.

5. **Make an English club.** Meet once a week or once a month with other English language learners. You could have a supper club or a movie club. You could go to a park, a museum, or just sit and listen to music together. You could show pictures and talk about your country. Make sure you speak English most of the time, or if you can, all of the time! Challenge yourself at the first meeting to speak only English for 30 minutes, then 60 minutes the next time, then 2 hours the next time.

6. **Volunteer.** Go to a community centre or your children’s school. Ask if you can volunteer. You can be helpful and practise English at the same time.

7. **Watch television and movies, listen to the radio and listen to English music.** Relax and try to understand the general meaning even if you don’t know every word.
8. **Record yourself** speaking English. Listen to your voice. Do you sound different than a first language speaker? Pretend that you are an actor in a movie and you are speaking English with an Italian accent...now try a Russian accent...a British English accent...now try a Canadian English accent! Whenever you think people don’t understand you, try out that Canadian English accent, it just might work.

9. **Use Google.** Go on the internet to search for information about stores that you want to go to. Find out location, store hours, search for products and prices. Find the telephone number and call it...ask what time the store is open until, or ask if they sell something and what the price is.

11. **Understand the main idea of what you read.** After you read for a few minutes, tell yourself the important ideas. Don’t worry if you don’t understand everything.
12. **Read children’s books** with your children and talk about the pictures in English. After they have gone to bed read more children’s books in English...nobody has to see how much you are enjoying reading them! There are many high quality award winning children’s books you can borrow from the library for free. While you’re at the library make sure to take out some children’s books to read to your children in your first language too, there are many languages available.

13. **Use maps.** Learn the names of the streets you use. Use Google maps to practice following directions. Use Winnipeg Transit Navigo to choose a bus route.

14. **Write a note to friend or teacher.** Tell him or her what you did today, or what you are going to do tomorrow.

15. **Keep a journal.** Write about your day. Write directions to get from home to downtown.
   - Write about one of the pictures you have saved on your cell phone.
   - Write a recipe for how to make your favourite food.
   - Write about your memories of your country.
   - Listen to a song on YouTube and write about how it makes you feel.
   - Look at old and famous art, or new and controversial art and write about your thoughts.
   - Write to your mother, even if she is not alive anymore. Tell her about your life.

16. **Write new words or expressions.** Review them, use them!

17. **Send an email.** Ask someone that you trust who speaks English as his or her first language if you can practice your English by sending them emails. Tell them they don’t even have to answer if they don’t have time, you’re just practicing.
18. **Write a shopping list** in English. Talk to the cashier at the grocery store. Try easy English recipes.

19. **Use these phrases:**
   
   “Please repeat that. What does ______ mean?
   How do you spell ______? Sorry, I don’t understand.”

20. **Practise other phrases** you will use in your life.

21. **Speak English with your family** a little bit each day.

22. **Think of other ways** you like to practise English.
For Higher Level Learners

1. If you want to practise your public speaking, try joining a Toastmasters club. This club focuses on members becoming confident public speakers. Manitoba Start offers weekly Toastmasters sessions where the other participants are also newcomers to Canada. For more information about the Manitoba Start Toastmasters group, see: http://manitobastart.com/development-programs/public-speaking.html

There are Toastmasters clubs in 90 countries around the world. For more information about Toastmasters, see: http://www.toastmasters.org/

2. Volunteer with a school, club or organization. This is a great way to meet new people, practise English, and gain valuable work skills. Volunteer Manitoba can connect you with many different opportunities. http://www.volunteermanitoba.ca/

3. Call or visit a community centre, school, hospital, or senior centre in your area and ask about volunteer opportunities.

4. Look through the City of Winnipeg’s Leisure Guide. There are many classes about things like cooking, first aid, home renovation, or dance. You can pick up a copy of the Leisure Guide at Winnipeg public libraries or look at the guide online: http://www.winnipeg.ca/cms/recreation/leisure/leisureguide.stm

5. If you live outside of Winnipeg, ask your local community centre about classes.

6. Take a Continuing Education Course at:
   - the University of Winnipeg, http://pace.uwinnipegcourses.ca/,
   - the University of Manitoba, http://umanitoba.ca/extended/, or another college in your area. You can sometimes take these courses during the evening or on weekend.
7. Audit a regular university course. When you audit a course, you can attend all the classes but you don’t have to write exams and you don’t get a grade for the course. Auditing a course costs about half the price of taking the course. Ask to speak to a student adviser to get advice about courses and registration.

8. Listen to the radio and watch English television and movies. Sometimes the speed will be too fast for you and the speakers will use expressions that you don’t understand, but you need to get used to it. Try to let your mind follow the meaning and the message and don’t worry about understanding every single word.

9. Play English games, and speak English with friends while playing. Find free games on the internet or look for board games in a department store or a thrift store. Buy a deck of cards and look up the rules for playing different games.
Study Tips

Make a plan...

Think about your week. You might be very busy with work, classes, meals, taking care of your children, or special events. It can sometimes be hard to find time to study English. Making a schedule can help. Schedule some study time each day. If you like to study with a partner or a group, set a regular meeting time. Find a time and a place where you will not be interrupted often.

Set goals...

Use the Canadian Language Benchmarks to set goals for yourself. Look at descriptions of a person one benchmark higher than yourself and make that your goal.

Keep a record of your goals and your progress. Reward yourself when you achieve a goal! One cookie 😊

Decide what you want to learn and when you want to learn it. For example, you could say to yourself:

“Before the parent-teacher interview in February, I want to know 20 words and phrases for talking to my son’s teacher.”

“Two months from now, I will use the past tense correctly when I talk about something that happened.”

“When summer comes, I will talk with my neighbors.”

“In 3 months, I want to be able to read and understand most of the articles in an English newspaper.”
How do you learn best?

Some people learn best by listening. Try listening to recorded books or information and people talking.

Some people learn best by seeing. Try watching videos, looking at posters, flashcards, or textbooks with pictures.

Some people learn best by doing. Try drawing pictures and diagrams and making things with your hands, then describing what you have done.

There are many good ways to learn. Choose activities that work for you.

Tips for understanding and remembering what you read...

Before you read, look at the title, pictures, and headings. Can you guess the topic and main ideas? This prepares your mind to learn.

Underline or highlight important ideas.

Draw pictures and diagrams about important ideas.

Write notes about the text. Read a paragraph. Cover the paragraph and tell yourself what it was about.

Read groups of two or three words together. Groups of two or three words have more meaning than single words.

If you don’t know a word, say the word out loud. Maybe you will know the meaning if you hear it.

If you don’t know a word, read the sentence it comes from and try to guess the meaning.

Remember that you don’t always need to understand every word.
Tips for learning new vocabulary...

Write down important new words you hear and read. Keep a vocabulary journal.

Use flashcards to practise; write a new word or expression on one side of a piece of paper or an index card. Write the definition, or draw a picture on the other side. Review your words regularly. You can even practise on the bus or during a coffee break.

Use your new words in conversation and in writing.
Public Libraries

If you live in Winnipeg, you can borrow books for free from any branch of the Winnipeg Public Library. If you live outside of Winnipeg and want to borrow resources from the Winnipeg Public Library, you can get a Non-Resident Card for an annual fee. Some rural municipalities will give some or all of this fee back to you.

The library has a variety of materials you can borrow including books, audio books, magazines, CDs, videos, and DVDs. Some branches have books in different languages.

At the Library
You can search for a book on the computer terminals or ask the library staff for help. Some phrases you can use are:

““I’m looking for books about learning English. Can you help me?”

“Where are the books for learning English?”

“Can you help me find the English study books?”

If the book you need is not available at your local library, you can have it sent from another library.

“I’d like to order a book from another library.”

“How do I place an inter-library loan?”

### Libraries in Manitoba

For libraries outside of Winnipeg, see the Manitoba Library Directory

Resources to Buy or Borrow

Most large bookstores carry English grammar books and other resources. University bookstores usually carry language study books. You can also ask a bookstore to order in a book that they do not usually carry. You can also look at some publishers’ websites and buy books, CDs and software online. Teachers, language assessors, and librarians can help you pick a good book for your studies.

Basic vocabulary

*available at the library*
Toronto, ON: Oxford University Press Canada
This is a picture-based dictionary. (The dictionary alone is about $25.00) CDs, audio tapes and student workbooks are also available.

English for Everyday Activities: A Picture Process Dictionary
*available at the library*
This book describes the things you do every day step-by-step, with many pictures and simple sentences. (The book alone is about 19.00) A CD and student workbook are also available.

Conversational English and Living in Canada

Each of these books integrates the study of grammar and vocabulary with the many other important aspects of speaking, listening, reading and writing. All have CDs or videos available to go along with the book.

Canadian Concepts
*available at the library*
Berish, L. & Thibaudeau, S., Scarborough, ON: Prentice-Hall Canada, Inc.
This series focuses on English for use in Canadian communities. There are 6 books that range in level from a benchmark 2 (the 1st book in the series) to about a benchmark 7 or 8 (the 6th book in the series).
This series is very good if you want a lot of listening and conversational practice. For self-study, it is important to buy the “class CD”, which has the conversations and listening exercises that go with the book. In this series there is a “starter level”, “level 1” and “level 2”. They range from a benchmark 2 to about a benchmark 5 or 6.

Canadian Snapshots
*available at the library*
These excellent books will help you work on your speaking, listening, reading and writing skills while learning about Canadian culture. They are based on the Canadian Language Benchmarks. There are only 2 levels right now. The first book is a Benchmark 3 level: Canadian Snapshots: Linking to the Community by Angst, Bertram, Davis, Johansson and Bonkowski. The second book is a Benchmark 6 level: Canadian Snapshots: Raising Issues by Kingwell, Stephenson, Bonkowski and Holmes.

For Pronunciation Pronunciation for Success Meyers, C.& Holt S.
Burnsville, MN: Aspen Productions
The kit includes a book, videos, and CDs. It is very good for students working without a teacher. It is suitable for benchmarks 5 and higher. (The complete kit is about $120.00)

To Learn or Review Grammar
This series has 4 books. They range from a benchmark 2 to 8+. The explanations on grammar are very clear and the books give you many chances to apply the grammar in a communicative, realistic way. (Each book is about $38.00)
Standardized Tests of English as a Second Language

Canadian Language Benchmarks Placement Test (CLBPT)
www.language.ca

This is a assessment tool for CLB levels 1-8. Results should not be used as the only assessment tool for hiring or post-secondary admissions. Results from the CLBPT can help organizations make good decisions about readiness of the learner and be included as one of several indicators for potential success on the job, in an academic setting, or in vocational training.

In the CLBPT, the four skills (listening, speaking, reading and writing) are assessed through a number of task-based activities. This is the tool used for placement in Adult EAL classes in Manitoba. Test takers are reminded that the assessment is not a grammar or vocabulary test. It is a test to find out what a person can do in English. There is no need to prepare or be nervous about taking the test. In Manitoba, after the assessment, an assessor will discuss the results with the test taker and together they will decide which program or class is the most appropriate for the student. CLBPT test results are used by classroom teachers as a starting point for the lessons. All government funded Adult EAL programs use the CLB as guide for teaching. Classroom teachers will assess student’s proficiency periodically throughout the term. At the end of the course or at the end of the school year, the student receives a report. It gives CLB exit scores. If a student leaves the course before the end, he/she can ask the teacher for exit scores.

Do CLB levels predict success?
Although CLB levels can assist in making informed decisions about readiness and potential for success on the job and in post secondary programs, it is important to be aware that CLB levels are only one indicator of success. The CLB was meant to open doors; to allow immigrants access to educational and employment opportunities that may have been denied to them due to an unclear expectation of the level of English language proficiency required. Other factors can compensate for lack of language skills such as supports while in training or on the job, skill level (background knowledge in the subject matter, trade or profession), motivation, and the opportunity to use the first language.

Academic English Program for University and College Entrance
Academic English Program for University and College Entrance (AEPUCE) is not a test but a high level English for academic purposes course offered at the University of Winnipeg, the University of Manitoba and Red River College. It is a
bridge course to university and college admissions. The course enables potential college and university students to improve their academic communication skills. After successful completion, students will have met the English requirements for the University of Manitoba, the University of Winnipeg and Red River College.

**English Proficiency Tests**
The following summary provides some basic information about some of the most commonly used English proficiency tests. It is not a comprehensive list and it is intended as an introduction to language proficiency tests and not as an endorsement of the tests or their use. Please refer to the websites for the most current information about costs, test sites, descriptions and scoring of the standardized language tests.

The University of Winnipeg admission requirements are found at: [http://www.uwinnipeg.ca/future-student/international/lang-req.html](http://www.uwinnipeg.ca/future-student/international/lang-req.html)

The University of Manitoba entrance requirements are on this website: [https://www.umanitoba.ca/student/admissions/international/english-language-proficiency.html](https://www.umanitoba.ca/student/admissions/international/english-language-proficiency.html)

**CanTEST - Canadian Test of English for Scholars and Trainees**
[www.cantest.uottawa.ca](http://www.cantest.uottawa.ca)

There are several versions of this test. The Centre for Canadian Language Benchmarks endorses the CLB aligned versions of the CanTEST. These versions establish a relationship between achievement on CanTEST and CLB levels 7-11. The test is suitable for academic and professional purposes such as university admission, profession accreditation and vocational training. It includes all four skill areas and takes just less than three hours to complete. It is available at Red River College (institutional version), the University of Manitoba and the University of Winnipeg.

**CELBAN - Canadian English Language Benchmarks Assessment for Nurses**
[www.celban.org](http://www.celban.org)

This is the first national, occupation specific, CLB referenced assessment tool. CELBAN is endorsed by most of the licensing bodies that license nurses in Canada. There is a readiness self-assessment available online.

**TOEFL - Test of English as a Foreign Language**
[www.ets.org/toefl/](http://www.ets.org/toefl/)

TOEFL measures the ability of non-native speakers of English to use and understand North American English as it is used in college and university
settings. This test is required by many universities in Canada. TOEFL has recently changed the test to be more communicative, i.e. to measure someone’s effectiveness in using the language. It is now the TOEFL Internet Based Test (TOEFL iBT). There are numerous preparation courses and resources available.

**TOEIC - Test of English for International Communication**
[www.ets.org/toeic](http://www.ets.org/toeic)
TOEIC measures the everyday English skills of people working in an international environment. There are two sections to the test, listening and reading. There are TOEIC preparation books available.

**IELTS – International English Language Testing System**
[www.ielts.org/](http://www.ielts.org/)
This is an Immigration, Refugees, and Citizenship Canada (IRCC) approved test used by universities to assess the proficiency of applicants whose first language is not English. There is a speaking/listening section, a reading section and 2 writing tasks. Study materials are available.

**CAEL - Canadian Academic English Language**
[www.cael.ca](http://www.cael.ca)
CAEL assessment approximates the experience of joining a first year introductory university course. There is an oral assessment, a taped lecture to listen to, some reading tasks and essay writing task on the topic of the test itself. There are practise materials online.

**MELAB - Michigan English Language Assessment Battery**
[www.lsa.umich.edu/eli/melab.htm](http://www.lsa.umich.edu/eli/melab.htm)
The MELAB consists of three parts: a composition, a listening test, and a written test containing grammar, cloze, vocabulary, and reading comprehension problems. An optional speaking test is also available.

**TOWES - Test of Workplace Essential Skills**
[www.towes.com](http://www.towes.com)
TOWES assesses essential skill competencies in the areas of reading text, document use and numeracy. Test results are correlated to the 5-point scale used in the International Adult Literacy Survey (IALS) and by Human Resources and Skills Development Canada (HRSDC) to determine the complexity or difficulty of tasks associated with specific occupations. TOWES is different from other tests because it uses authentic documents - such as catalogues, order forms, labels, and schematics - as source material. Questions range in difficulty and mimic actual workplace tasks by having the test taker assume the role of a worker who needs to use information embedded in documents. To support the development of essential skills, the creators of TOWES have developed curriculum and training plans designed to address skill gaps.
Cambridge ESOL exams include a range of assessment tools. The exams are linked to the Common European Framework of Reference for Languages, published by the Council of Europe. There are several general English tests as well as the CAE (Certificate in Advanced English), an advanced exam, and the CPE (Certificate of Proficiency in English) which is a very advanced level exam. Cambridge also has a skills-based assessment called CELS (Certificates in English Language Skills), which provides modular assessments of the four English language skills (listening, reading, writing, speaking). There are some Business English certificates and the YLE (Cambridge Young Learners English Tests) which is assessment of English of children between the ages of 7 and 12.

CELPIP - Canadian English Language Proficiency Index Program

https://www.celpiptest.ca/

The CELPIP-General Test is designated by Immigration, Refugees, and Citizenship Canada (IRCC) as proof of English language proficiency for those applying for permanent resident status in Canada under the following immigration streams:

- Federal Skilled Worker Program (FSWP),
- Federal Skilled Trades Program (FSTP),
- Canadian Experience Class (CEC),
- Start-up Visa Program, and
- Various Provincial Nominee Programs.

For specific language requirements, please visit the IRCC website at www.cic.gc.ca.

The CELPIP-Academic Test assesses a higher level of English language proficiency. This test is made up of the following sections:

- Listening
- Speaking
- Academic Reading and Writing

All components of the CELPIP-Academic Test are computer-delivered. The test is completed in just one test sitting, offering a unique test-taking experience that requires no additional appointments with a human examiner. The CELPIP-Academic Test uses the English variety spoken in Canada.
Websites for Learning English

There are many excellent language learning websites on the internet. When you learn on-line, you can progress as fast as you want to, and learn at any time of the day. You can study for 10 minutes one day and 4 hours the next day. You can listen, speak, read, and write. You don’t have a teacher to guide you, but you can make everyone you meet your teacher if you ask people questions. Now you can make the world wide web your library!

The following list of websites are recommended. There are many more that you will find once you start looking, these have been chosen because they are well-organized and have good opportunities for you to practice independently. Try as many of them as you can and return to the ones you like as often as you can. Enjoy!

Iowa University Phonetics lab –
http://www.uiowa.edu/~acadtech/phonetics/
The Canadian Language Benchmarks (CLB) is used for teaching and testing in many adult EAL schools in Canada. The CLB describes what people can do in English. For example, if you are at a CLB level 1, you can write your name and address. If you are at a CLB level 4, you can write a paragraph about your future plans. If you are at a CLB level 8, you can write a business letter.

The Canadian Language Benchmark Placement Test
Newcomers who want to take an EAL class will first take the Canadian Language Benchmark Placement Test (CLBPT). The test usually takes 2-1/2 or 3 hours. It has three parts: a listening/speaking test, a reading test, and a writing test.

Listening/speaking test:
You will discuss some familiar topics with a Canadian Language Benchmarks Assessor. You may also listen to a CD and tell the assessor what the speaker said.

Reading:
You will read words, sentences, paragraphs, and longer texts and answer multiple choice questions.

Writing:
There are three parts to the writing test. In the first part, you will copy some information. In the second part, you will write a paragraph. In the third part, you will develop your ideas more in an essay.

Can Do Statements
The next few pages describe what EAL learners can do at each CLB level. Make goals for yourself. As your English improves, the number of new things that you can do in English will increase.

Decide for yourself now what you think your English levels are. If you think your levels are 3, look at the things a level 4 person can do and practice. If you think your levels are 7, look at the things a level 8 person can do and practice, practice, practice.
